July 5, 2011

Sub : Evercrete Brand Products approval.

Ref : Your application Ref : PRP/SC/105 dated 11.06.2010

Dear Sir,

With reference to above, we have reviewed and examined the various documents, tests reports, various job references of railways, infrastructures and are pleased to approve the following products for its use in Metro Rail Projects (as and when required).

(A) Evercrete Deep Penetrating Sealer (DPS) :

"Permanent Penetrating Type Anti Carbonation Sealer cum Concrete Preserver having voc < 1% and a waterproofing product, spray applied to concrete and cementations surface to preserve, waterproof, strengthen and harden the treated areas."

(B) Evercrete Top Seal (TS) :

"Water based water repellent (voc < 1%) for protection from water penetrating and preventing formation of algae, fungus, mould, stains on concrete, Natural stone surfaces and maintaining its natural look."

The overall benefits by using Evercrete products will attribute to increase in life of concrete structures and will contribute to reduction in life cycle cost of project investment. We recommend to use Evercrete Product range for on going as well as future projects of DMRC.
